

Prime West Joins Humana's HMO Direct Network!

Humana is pleased to announce its southern Nevada Medicare Advantage HMO members will have additional access to high-impact, relationship-based primary care providers thanks to a new relationship with Prime West. Beginning January 1, 2021, Prime West's participating providers will join the Gold/Value Plus HMO Direct Network and begin seeing all HMO members. Prime West will continue to participate on Humana's Medicare PPO network too.

Prime West's network includes 29 independent primary care groups. We are in the process of updating our 2021 HMO Direct Provider Directory. Little by little we'll get them all loaded into the Physician finder tool at Humana.com. Please visit www.humana.com/finder and select the Gold/Value Plus-HUM HMO Direct network for updates.
